

In the modern world, schools sometimes need to get information to parents as soon as possible. To facilitate this need, Hickory Grove Baptist Christian School has partnered with a rapid communication system called ADT SELECT LINK. This system will deliver emergency messages and other informational messages to parents individually by the communication method(s) of your personal choosing. Should HGBCS need to close early due to weather, for example, this system would notify you by your choice of home phone, cell phone, or email. In addition, HGBCS may use the ADT SELECT LINK system to keep you up to date on important school-wide information or changes relating to groups in which your child participates.

All students will be entered into the ADT SELECT LINK system whose parents return the information. It is imperative that you keep us informed of any changes to your contact information.

Below are some of the benefits of ADT SELECT LINK. Parents can find out more information about ADT SELECT LINK by viewing its website, www.adtselectlink.com.

ADT SELECT LINK Benefits

1. DELIVERY SPEED

ADT SELECT LINK sends alert messages to thousands of recipients in about 30 seconds with the click of a single mouse. In the event of computer failure, HGBCS simply contacts ADT SELECT LINK toll-free from any telephone or cell phone, and an ADT SELECT LINK adviser communicates the message immediately.

2. FORMAT AND MESSAGE FLEXIBILITY

ADT SELECT LINK reaches message recipients by all devices at virtually the same time: telephone, cell phone, digital pager, fax, wireless PDA device, email, computer system tray icon, Amber alert & LED signs. Voice and text are delivered in multiple languages as specified by recipients.

3. RECEIPT VERIFICATION

ADT SELECT LINK automatically verifies message receipt and saves data for a variety of reports.

4. COST EFFECTIVENESS

ADT SELECT LINK requires no hardware, software or system installation...and is accessible from any telephone or Internet-connected computer. HGBCS needs no additional equipment.

5. UNMATCHED RELIABILITY

ADT SELECT LINK, the only digital, broadband, fail-safe, multi-format, rapid verification and response communication system is connected to the world's most reliable Internet communications network.

HGBCS needs the following information from you. **Please print using a black ink pen. Please use one form for all of your HGCS students.**

Please choose one of the below:

New Student _____

Updated Information on Current Student _____

Your Child's First & Last Name	Child's Birth Date	Current Grade	Gender (M or F)	Bus Rider (Y if Yes)
Child #1 _____	_____	_____	_____	_____
Child #2 _____	_____	_____	_____	_____
Child #3 _____	_____	_____	_____	_____
Child #4 _____	_____	_____	_____	_____
Child #5 _____	_____	_____	_____	_____
Child #6 _____	_____	_____	_____	_____
Child #7 _____	_____	_____	_____	_____

Parents' first and last names _____
