

HGC PHYSICAL EDUCATION

TK- 5TH GRADE PE WITH MISS BRAY

Elementary Physical Education Here I Come!

I want to take a moment and introduce myself to you and your family. My name is Corbin Bray and I am now teaching elementary physical education.

I began teaching at HGCS in August 2011 however for the first semester I was teaching middle school physical education and elementary computer lab.

I have been so blessed since moving to teaching elementary PE and I enjoy the privilege of working with your chil-

dren to teach the benefits of the healthy lifestyle God calls us to live.

I grew up on Hilton Head Island, SC and have enjoyed playing sports and being active all of my life. I earned a bachelors degree in Business Administration from Milligan College in TN. I have also earned my Masters in teaching physical education at Winthrop University in SC. As some of your students have learned, I also coach the JV and Varsity volleyball teams at HGCS.

The goal of the elementary physical education program is to provide every student with a foundation of locomotor, non-locomotor, rhythmic and manipulative skills.

Lately students have

been mastering their locomotor skills, learning jump rope skills, and gymnastics with a special focus on improving heart health. In March we will be working on the over-hand throw, so get out and play catch with your child as much as possible!

Special points of interest:

- Miss Bray is now teaching Elementary P.E.
- Students are challenged to become PEACEMAKERS
- Jumping rope is a fun activity that is great for your heart!

What is a PEACEMAKER?

Blessed are the peacemakers, for they shall be called sons of God.

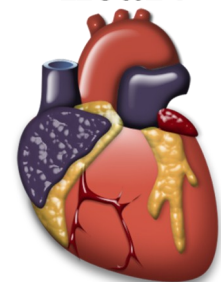

Matthew 5:9

Students have been challenged to become peacemakers within

their class. As the new elementary PE teacher it has been wonderful to watch these young students encouraging their classmates instead of criticizing, winning without boasting and losing without blaming.

Parents please join me in encouraging your child to use kind words and become a peacemaker.

heart
